Summary

Experienced professional adept in web and app development, graphic designing, video editing, and UI/UX. Passionate about innovation, data analytics, and continuous learning for impactful solutions.

Work Experience

NHPC Limited   Jan 2024 - April 2024

Software Engineer Intern

- Designed and implemented a user-friendly dashboard interface in Flutter, offering easy navigation for users to access employee directories and HR dashboards.
- Designed and implemented interactive features, ensuring seamless navigation and efficient data management for HR personnel.
- Worked closely with NHPC's HR officials to gather requirements, refine designs, and develop a customized solution tailored to the organization's specific needs. This collaborative effort led to enhanced productivity and improved efficiency in HR workflow processes.

Projects

HR Dashboard Application

- Created a dashboard where users can navigate to employee directories or HR dashboards.
- Designed HR dashboard to display multiple profiles and manpower information.
- Collaborated closely with HR officials to ensure the application meets NHPC's specific needs, resulting in increased productivity and improved workflow efficiency.

Technologies Used: Flutter, Dart, NodeJS, MySQL, Python, Oracle, Git

Fashion E-Commerce Website (CURVZ)   Link to Project

- Developed a feature-rich e-commerce website specializing in fashion products.
- Designed user-friendly interfaces and implemented interactive features for seamless browsing and shopping experience.
- Integrated secure payment gateways and order management systems to ensure smooth transactions and customer satisfaction.

Technologies Used: HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, Git

E-Support System for SMIT Healthcare   Link to Project

- Developed an electronic support system tailored for SMIT Healthcare, facilitating efficient communication and collaboration among healthcare professionals.
- Designed and implemented user-friendly interfaces for seamless interaction and intuitive navigation.
- Integrated essential features such as patient record management and appointment scheduling to streamline healthcare processes and enhance patient care.

Technologies Used: HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, Git

EDUCATION

2020 - 2024	**Bachelor of Technology - BTech, Computer Science**
	Sikkim Manipal Institute of Technology, Sikkim Manipal Institute of Technology
	Grade: 8.6/10

2019 - 2020	**Intermediate, Mathematics and Computer Science**
	Kendriya Vidyalaya
	Activities and societies: Mastered Python programming, HTML, and Javascript at the intermediate level.
	Gold medalist in Mathematics examination conducted by IMO.

2017 - 2018	**Metric, Mathematics and Computer Science**
	Kendriya Vidyalaya
	Activities and societies: Got an opportunity to learn Photoshop and Autodesk 3D.
	Appeared in NTSE, IMO, and NSO examinations and secured the first position.
	Also were gold medalist in IMO and NSO.
